INDEPENDENT AUDITORS' REPORT

Board of Commissioners Hermansville Housing Commission Hermansville, Michigan

We have audited the accompanying basic financial statements of the business-type activities of the Hermansville Housing Commission, component unit of the Township of Hermansville, as of and for the year ended March 31, 2005 as listed in the table of contents. These basic financial statements are the responsibility of the Commission's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statements presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Hermansville Housing Commission as of March 31, 2005, and the respective changes in financial position and cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated November 30, 2005 on our consideration of the Hermansville Housing Commission's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters.. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

As described in Note A to the financial statements, the Commission adopted the provisions of Governmental Accounting Standards Board Statement No. 34, *Financial Statements and Management's Discussion and Analysis-For State and Local Governments* and Governmental Accounting Standards Board Statement No. 37, an amendment of Statement No. 34. This results in a change in the format and content of the financial statements.

The Management's Discussion and Analysis on pages 5 through 8 is not a required part of the financial statements but is required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Hermansville Housing Commission's basic financial statements. The Financial Data Schedule is presented for the purpose of additional analysis as required by the U.S. Department of Urban Housing and Development and is not a required part of the basic financial statements. The Financial Data Schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT DISCUSSION AND ANALYSIS (UNAUDITED)

Our discussion and analysis of the Hermansville Housing Commission's financial performance provides an overview of the financial activities for the year ended March 31, 2005. Please read it in conjunction with the Commission's financial statements, which begin on page 9.

FINANCIAL HIGHLIGHTS

- The Commission's net assets were reported for the first time under GASB 34. As such, no comparisons with prior years will be made. In future years, comparative information will be presented in various schedules throughout the MD&A. Net assets for the entire Commission were reported at \$634,826.
- During the year, the Commission's operating revenues totaled \$73,895, or 98.9% of total revenues, while operating expenses totaled \$146,535 or 100% of total expenses.

USING THIS REPORT

This annual report consists of a series of financial statements. The Statement of Net Assets, Statement of Activities and the Statement of Revenues, Expenses and Change in Net Assets (on pages 9 to 11) provide information about the activities of the Commission as a whole and present a longer-term view of the Commission's finances.

REPORTING THE COMMISSION AS A WHOLE

Our analysis of the Commission as a whole begins on page 9. One of the most important questions asked about the Commission's finances is "Is the Commission, as a whole, better off or worse off as a result of the year's activities?" The Statement of Net Assets, Statement of Activities and the Statement of Revenues, Expenses, and Change in Net Assets report information about the Commission as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. These two statements report the Commission's net assets and changes in them. You can think of the Commission's net assets – the difference between assets and liabilities – as one way to measure the Commission's financial health, or financial position. Over time, increases or decreases in the Commission's net assets are one indicator of whether its financial health is improving or deteriorating. You will need to consider other non-financial factors, however, such as changes in the population of low income and elderly individuals.

In the Statement of Net Assets, Statement of Activities and the Statement of Revenues, Expenses, and Change in Net Assets, the Commission's activities are reported as business-type activities:

- Business-type activities – The Commission charges rent to tenants to help it cover all or most of the costs of services it provides.

REPORTING THE COMMISSION'S MOST SIGNIFICANT FUNDS

Our analysis of the Commission's major activities begins on page 9. The financial statements provide detailed information on all of the Commission's activities. The Commission uses proprietary funds to account for its activities. The method of accounting for proprietary funds is explained below.

- Proprietary funds – The Commission charges tenants rent for the housing services it provides and these services are reported in a proprietary fund. Proprietary funds are reported in the same way for its activities and are reported in the Statement of Net Assets and the Statement of Revenues, Expenses, and Change in Net Assets.

THE COMMISSION AS A WHOLE

The Commission's combined net assets at March 31, 2005 decreased \$(71,849) from March 31, 2004.

Table 1

NET ASSETS

Assets

Current and other assets Capital assets (net)	\$ 47,730 607,559
Total assets	655,289

Net assets – end of period	\$ <u>634,826</u>

BUSINESS-TYPE ACTIVITIES

Revenues for the Commission totaled \$74,686. The Commission's average unit months leased on a monthly basis had decreased during the current year. In addition, HUD operating funds and capital funding grants had decreased during the current year. The Commission depends on HUD operating and capital grants to assist in covering its operating expenses.

CAPITAL ASSETS

Capital Assets

At the end of fiscal 2005, the Commission had \$1,301,461 invested in a variety of capital assets including land, equipment and buildings as follows:

Table 3

CAPITAL ASSETS AT MARCH 31, 2005 Business – Type Activity

Land and improvements Buildings and improvements Equipment Construction in progress	\$ 190,871 1,066,382 43,596 612
Total cost	1,301,461
Less accumulated depreciation	(693,902)
NET CAPITAL ASSETS	\$ <u>_607,559</u>

The Commission invested \$3,296 in capital assets during the year ended March 31, 2005.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The Commission's appointed officials considered many factors when setting the budget for the fiscal year 2005/2006. The current availability of low income and elderly tenants has been a major contributing factor in establishing the budgeted amounts. In the upcoming year, we do not anticipate any significant change in the occupancy rate and availability of new tenants that will provide any substantial increase in revenues. There continues to be a variety of inflationary cost and expense issues out of the control of the Commission. All of these were taken into consideration during the 2005/2006 budget process.

CONTACTING THE COMMISSION'S FINANCIAL MANAGEMENT

This financial report is designed to provide the readers with a general overview of the Commission's finances and to show the Commission's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Commission's Executive Director, Mary Hudson, at W5577 129 W. Third Street, Hermansville, Michigan 49847, or call 906-498-2141.

NOTES TO FINANCIAL STATEMENTS

March 31, 2005

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

THE REPORTING ENTITY

The Hermansville Housing Commission (Commission) was formed by the Hermansville Town Board under Public Act 18 of 1933 of the State of Michigan. The Commission operates under a Board of Commissioners appointed by the Township supervisor.

The Commission, for financial reporting purposes, includes all of the activities relevant to its operations.

Component Unit

In evaluating how to define the Commission, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GAAP, currently GASB Statement #14, The Financial Reporting Entity.

The criteria established by the governmental Accounting Standards Board for determining the various governmental organizations to be include in the reporting entity's financial statements include budget adoption, taxing authority, funding, appointment of the respective governing board, and scope of public service.

Based on the foregoing criteria, it was determined that there are no component units of the Hermansville Housing Commission, but the Commission is a component unit of the Township of Hermansville, Michigan.

The accounting policies of the Commission conform to accounting principles generally accepted in the United States of America. The following is a summary of such significant policies.

BASIS OF PRESENTATION

During the year the Commission adopted Governmental Accounting Standards Board (GASB) Statement No. 34, which substantially revised the financial statement presentation as described below.

Government-Wide Financial Statements:

The Statement of Net Assets, Statement of Activities and Statement of Revenues, Expenses and Change in Net Assets display information about the Commission as a whole. They include all business-type activities of the Commission. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

NOTES TO FINANCIAL STATEMENTS

March 31, 2005 (Continued)

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

BASIS OF PRESENTATION (Continued)

Proprietary Fund

Proprietary Funds are used to account for operations (a) which are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred. and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus:

The government-wide Statement of Net Assets, Statement of Activities and the Statement of Revenues, Expenses and Change in Net Assets are presented using the economic resource measurement focus as defined below.

a. The Commission utilizes an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets, financial position and cash flows. All assets and liabilities, whether current or noncurrent, associated with their activities are reported.

Basis of Accounting:

The Statement of Net Assets, Statement of Activities and Statement of Revenues, Expenses and Change in Net Assets are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

As allowed by GASB Statement No. 20, the Commission's business-type activity follows all GASB pronouncements and FASB Statements and Interpretations that were issued on or after November 30, 1989, except those that conflict with a GASB pronouncement.

HERMANSVILLE HOUSING COMMISSION

NOTES TO FINANCIAL STATEMENTS

March 31, 2005 (Continued)

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

ASSETS, LIABILITIES AND NET ASSETS

- a. <u>Cash and Equivalents</u> The Commission's cash and cash equivalents as reported in the Statement of Cash Flows and the Statement of Net Assets are considered to be cash on hand, demand deposits and short-term investments with maturities of three months or less.
- b. <u>Receivables</u> All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.
- c. <u>Due to and Due From Other Programs</u> Interprogram receivables and payables arise from interprogram transactions and are recorded by all funds affected in the period in which transactions are executed.
- d. <u>Capital Assets</u> Capital assets purchased or acquired are capitalized at historical cost or estimated historical cost. Donated capital assets are valued at their estimated fair market value on the date received.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets.

Depreciation on all assets is provided on the straight-line basis over the estimated useful lives as follows:

Buildings and improvements

10-40 years

Furniture and other equipment

5-10 years

The Commission has adopted a capitalization policy for capital assets of \$200 per item.

- e. <u>Compensated Absences</u> It is the Commission's policy to permit employees to accumulate a limited amount of earned but unused sick leave and vacation days, which will be paid to employees upon separation from the Commission. The cost of vested sick leave and vacation days are recognized as an expense as earned by the employees.
- f. Equity Classification

Government-Wide Statements:

Equity is classified as net assets and displayed in two components:

1. Invested in capital assets – Consists of capital assets, net of accumulated depreciation

NOTES TO FINANCIAL STATEMENTS

March 31, 2005 (Continued)

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

ASSETS, LIABILITIES AND NET ASSETS (Continued)

2. Unrestricted net assets – All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

REVENUES AND EXPENSES

Operating revenues and expenses are those that result from providing services and producing and delivering goods and/or services. It also includes all revenue and expenses not related to capital and related financing, noncapital financing or investing activities. Expenses are classified by operating and nonoperating and are subclassified by function such as salaries, supplies and contracted services.

OTHER SIGNIFICANT ACCOUNTING POLICIES

Interprogram Activity:

As a general rule, the effect of activity between programs has been eliminated from the government-wide statements.

The transfers of cash between the various Authority programs are reported separately from revenues and expenses as operating transfers in or (out), unless they represent temporary advances that are to be repaid, in which case, they are carried as assets and liabilities of the advancing or borrowing program.

Interprogram receivables and payables are eliminated from the Statement of Net Assets.

Budgets and Budgetary Accounting:

Budgets are adopted on a basis prescribed or permitted by the Department of Housing and Urban Development. All annual appropriations lapse at fiscal year end. The Commission follows these procedures in establishing the budgetary date reflected in the financial statements:

- 1. The Director submits to the Board a proposed operating budget for the fiscal year commencing on April 1st. The operating budget includes proposed expenses and the means of financing them. Prior to March 31st, the budget is legally adopted by Board resolution.
- 2. Formal budgetary integration is employed as a management control device during the year.
- 3. The budget has been amended. Supplemental appropriations were made during the year with the last one approved prior to March 31st.

HERMANSVILLE HOUSING COMMISSION

NOTES TO FINANCIAL STATEMENTS

March 31, 2005 (Continued)

NOTE B - CASH AND INVESTMENTS

The Commission maintains segregated cash and investment accounts which are specific to the activity to which they are available.

CASH AND EQUIVALENTS

Cash and equivalents consisted of:

Petty cash	\$ 50
Cash in checkings	1,425
Savings accounts	11,687
Total	\$13,162

The Commission's cash and equivalents were fully insured at March 31, 2005.

Cash and equivalents are categorized as follows:

- Category 1 Insured or registered, with securities held by the Commission or its agent in the Commission's name.
- Category 2 Uninsured and unregistered, with securities held by the counterparty's trust department.
- Category 3 Uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent but not in the Commission's name.

HERMANSVILLE HOUSING COMMISSION

NOTES TO FINANCIAL STATEMENTS

March 31, 2005 (Continued)

NOTE B - CASH AND INVESTMENTS (Continued)

STATUTORY AUTHORITY

Michigan law (Act 196 PA 1997) authorizes the Commission to deposit and invest in one or more of the following:

- a. Bonds, securities, and other obligations of the United States or an agency or instrumentality of the United States.
- b. Certificates of deposit, savings accounts, deposit accounts, or depository receipts of a financial institution that is eligible to be a depository of funds belonging to the State under a law or rule of this State or the United States.
- c. Commercial paper rated at time of purchase within the two highest classifications established by not less than two standard rating services and matures not more than 270 days after the date of purchase.
- d. Repurchase agreements consisting of instruments listed in a.
- e. Bankers' acceptance of United States Banks.
- f. Obligations of this State or any of its political subdivisions at the time of purchase are rated as investment grade by not less than one standard rating service.
- g. Mutual funds registered under the investment company act of 1940, Title I of Chapter 686, 54 Stat. 789, 15 U.S.C. 80a-4 to 80a-64, with the authority to purchase investment vehicles that are legal for direct investment by a public corporation.
- h. Obligation described in a. through g. if purchased through an interlocal agreement under the urban cooperation's act of 1967, 1967 (Ex Sess) PA 7, MCL 124.512.
- i. Investment pools organized under the surplus funds investment pool act, 1982 PA 367, 129.111 to 129.118.
- j. The investment pools organized under the local government investment pool act, 1985 PA 121, MCL 129.141 to 129.150.

Michigan law (Section 3, Act 40, PA 1932, as amended) prohibits security in the form of collateral, surety bond, or another form for the deposit of public money.

HERMANSVILLE HOUSING COMMISSION

NOTES TO FINANCIAL STATEMENTS

March 31, 2005 (Continued)

NOTE B - CASH AND INVESTMENTS (Continued)

INVESTMENTS

Investments are stated at market value.

Investments consisted of a certificates of deposit and were in accordance with State of Michigan Statutes. Those statutes do not mandate that accounts be partially or fully insured or collateralized. Investments are categorized as follows:

- Category 1 Insured or registered, with securities held by the Commission or its agent in the Commission's name.
- Category 2 Uninsured and unregistered, with securities held by the counterparty's trust department
- Category 3 -Uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent but not in the Commission's name

Total \$____ Certificates of deposit \$28,428

The certificates of deposit were fully insured at March 31, 2005.

NOTE C - CAPITAL ASSETS

A summary of capital assets as of March 31, 2005 is as follows:

	Balance <u>4-1-04</u>	Additions	<u>Deletions</u>	Balance

NOTES TO FINANCIAL STATEMENTS

March 31, 2005 (Continued)

NOTE D - RISK MANAGEMENT

The Commission is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Commission maintains commercial insurance covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Commission. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

NOTE E - USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE F - VULNERABILITY DUE TO CERTAIN CONCENTRATIONS

The Commission is dependent upon the Department of Housing and Urban Development (HUD) to fund it's operations through operating subsidies and capital funding grants. Total operating revenues for the year ended March 31, 2005 totaled \$73,895 of which \$27,278 or 36.9% was from HUD subsidies and grants.

The operations of the project are subject to rules and regulations of HUD. These rules and regulations are subject to change. Such changes may occur with short notice and could create a lack of funding to pay for operational related costs, including the additional administrative burden to comply with the changes.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners Hermansville Housing Commission Hermansville, Michigan

We have audited the financial statements of the business-type activities of the Hermansville Housing Commission, as of and for the year ended March 31, 2005, which collectively comprise the Hermansville Housing Commission's basic financial statements and have issued our report thereon dated November 30, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Hermansville Housing Commission's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Hermansville Housing Commission's general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of noncompliance that we have reported to management of the Hermansville Housing Commission in a separate letter dated November 30, 2005.

This report is intended solely for the information of the Board of Commissioners, management and the Department of Housing and Urban Development and is not intended to be and should not be used by anyone other than those specified parties.

Board of Commissioners Hermansville Housing Commission Hermansville, Michigan

Dear Members of the Board:

In planning and performing our audit of the financial statements of the Hermansville Housing Commission for the year ended March 31, 2005, we considered the entities internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

During our audit we became aware of matters that are opportunities for strengthening internal controls and operating efficiency. The following summarizes our comments and suggestions regarding those matters. This letter does not affect our report dated November 30, 2005, on the financial statements of the Hermansville Housing Commission.

1. During the review of cash and investments, it was noted that the Commission did not have depository agreements in place with all the banks it does business with.

Recommendation

The Commission should have policies and procedures in place so as to require each bank it does business with to sign a depository agreement with the Commission. The ACC contract with HUD states that the Commission is required to have depository agreements signed by all financial institutions it does business with. The depository agreement states that the financial institution will insure any of the Commission's funds that exceed \$100,000.

We thank you for the opportunity to be of service. Do not hesitate to contact us if you have any questions. I found your staff to be very cooperative and a pleasure to work with.

Very truly yours,

ANDERSON, TACKMAN & COMPANY, PLC
